The firm of Wilkins has been established in Aylesbury for over 100 years and is now one of the main solicitors' practices in town.

Over the years we have prided ourselves in the efficient and cost effective service we offer to our clients. The eight fee earners in the firm are all specialists in their respective fields and together are able to offer considerable experience in (amongst other matters) commercial and property law, probate, wills, trusts, family and employment law, criminal litigation, consumer matters, debt claims and last but not least personal injury law.

We are members of the Law Society Approved Accident Line and have a legal aid franchise to do family, criminal and in some circumstances personal injury work.

We recognise that many people turn to their solicitor often at times of great personal stress. You can rest assured that whatever the reason for instructing us we will do the utmost to make our professional relationship with you as pleasant as possible.

We place great emphasis on ensuring that our fee earners are up to date in the latest legal developments and case law so that we can offer you the advice that you expect to receive. We have a comprehensive legal library and are committed to a high degree of staff training.

We will try to be as open as possible to you about our charges and will be only too willing to give you written quotes or estimates for the work that you want us to do on your behalf. We believe that our rates are highly competitive in the Aylesbury area.

If you would like more information on how we can assist you with your specific legal problem,

For further information about our lawyers, services, history and a map showing where to find us please visit our website at [www.wilkinssolicitors.co.uk](http://www.wilkinssolicitors.co.uk)
